Change WAA-off Logging PRD

Jonathan Rascher

+joshloftus[REDACTED]+bhorling[REDACTED] Why are no changes need to the copy here? The UI says "data saved in your account helps give you more personalized experiences", but that will no be substantially less true in our brave new world.

+1. I don't see how this text can't need modification. An "on/off" toggle means the off state is the opposite of the on state. If the on state is we log your activity, the off state is we don't log your activity. But, the proposal is to temporarily log activity, so something needs to change here.
